

Islip, NY – Islip Town Supervisor Phil Nolan announced that Kindergarten Readiness and Tiny Tot Programs are now enrolling children for next season.

These classes are designed to help emphasize recreational, creative, physical, and social development in 3- to 5-year-olds. The Kindergarten Readiness Program also begins to teach crucial learning skills that build a child's image of self, and help them develop gross motor coordination and fine motor skills.

"Kindergarten Readiness and Tiny Tot Programs are crucial to the successful development of children throughout our Town," said Supervisor Nolan. "It is essential that children begin the development process at an early age."

Classes run from September to June, lasting two and a half hours in length; additionally, a current recreation card and proof of the child's age are required. All children must be completely toilet trained to apply. The Tiny Tot program is \$700 a year for two days a week (payable in 10 equal installments of \$70), and the Pre-kindergarten program is \$900 a year for three days a week (payable in 10 equal installments of \$90).
